

SOLAR

PILLAR COMMERCIAL BOLLARD

9iD50800

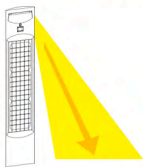

The Solar Pillar is perfect for commercial and residential areas with high levels of foot traffic. It can shine from one or both sides at high or low lumen outputs, giving you incredible control over the light's function and efficiency.

Mono-Directional

or

Bi-Directional

HIGH SETTINGS

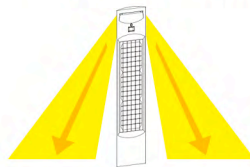

First 4 hours:
500 Lumens

Remaining time until dawn:
250 Lumens

LOW SETTINGS

First 4 hours:
250 Lumens

Remaining time until dawn:
125 Lumens with 250 lumens
once motion detected

HIGH SETTINGS

First 4 hours:
250 Lumens each side
Remaining time until dawn:
125 Lumens each side

LOW SETTINGS

First 4 hours:
125 Lumens
Remaining time until dawn:
65 Lumens each side

Patent #9458970

Part #	Dimensions (in)	UPC	Pkg. size (in)	Wgt (lbs)	LED color
9iD50800	8.75L x 3.5W x 31.25H	859641007837	10L x 24W x 6H	11	Warm White (3000K)

- Bifacial Solar Panel Technology
- Easy & Quick Installation
- No Wiring Needed
- All-Weather Resistant Cast-Aluminum
- 2 Modes of Operation
- Constant (ON) Mode with Dusk to Dawn (up to 14 hours duration)
- Motion Sensing (PIR) Mode (up to 150 cycles per night)
