Description

This magnificent hanging orbital / orb / sphere / cross / globe chandelier is ideal for creating an ethereal ambience. Enjoy the stunning radiance of etched white cased glass cylinder shades, handcrafted by master craftsmen. These shades feature phenomenal long-lasting color that will never fade from cleaning or sunlight. Glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Thickness and weightiness from multiple glass layers ensures long-lasting durability. Feel confident in your choice of combined contemporary and classic elegance. Delight in transitional design that compliments surroundings and décor with the best of both modern and traditional elements. This spherical fixture showcases an appealing crossed look with powerful geometric elements. Perfect complement to lobbies, foyers, entranceways, living rooms, dining rooms, apartments, bars, restaurants, and many other indoor areas. Suitable for dry locations only. Beautifully and evenly finished in rich antique bronze. Accent your spaces today with this strikingly abstract piece.
