Description

Indulge in this indoor bath or vanity wall sconce or wall mount's contemporary design. Heavy and thin lines are balanced for a clean, crisp feel. Straight, striking rods, bars, and thin metal lines are paired or crossed to provide brilliant contrast. Encased in elegant rounded cylindrical etched white cased glass. Individually handspun by master glassblowers, glass is crafted layer by layer into a flawless multi-layered cylinder with a delightfully smooth touch. Enjoy phenomenal long-lasting color that will never fade from cleaning or sunlight. Glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Illumination mechanism is sure to impress with its stunning, unique radiance. Light diffuses within multiple layers instead of simply filtering light through. The entire glass shade glows bright in perfect uniformity, emitting an ethereal, serene ambience and capturing an immaculate glow throughout the glass. Thickness and weightiness from multiple glass layers ensures long-lasting durability. This versatile light can conveniently mount up or down. Install upwards for an uplight configuration or downwards for a downlight configuration. Suitable for both damp or dry locations. Complements bathrooms, vanity, living rooms, hallways, restaurants, and many other indoor areas. Flawlessly and evenly finished in rich antique bronze. Delight in this exquisite piece's sleek, angular look.
