Description

This indoor ceiling fan makes it easy to decorate with exquisite style. Included light kit contains LED light bulbs and an elegant bell-shaped alabaster glass bowl. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. Feel confident in your choice of classic elegance. Delight in traditional design that complements homestyle surroundings and décor. Experience the superior quality of high-grade silicon steel. Silicon steel's high efficiency and quiet operation are superior to the average cold-rolled steel used in other fans. Fan blade position is interchangeable and offers remarkable versatility for interior design. Each blade comes in a refreshing, brilliant rosewood color on one side and in a rich, sophisticated walnut color on the other side. Change up your spaces by flipping the blade color for an exciting new look. Quickly and easily change the direction of fan blade rotation with the flip of a switch. Integrated switch allows for convenient reversal of fan blade rotation. Enjoy three fan speeds. Different speeds allow for quick and easy change of air flow. This fixture features a 12° blade pitch, 153 mm x 12 mm motor, and triple capacitor. Beautifully finished with flawless nickel brushed to perfect symmetry by skilled craftsmen. Feel at ease with nickel's lasting quality and stunning appearance. High-quality nickel provides phenomenal durability and an attractive gleam. Hard surface provides top quality protection against scratches. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Outer lacquer finish provides an attractive sheen and additional layer of protection. Feel confident in a stunning, quality product. Each indoor ceiling fan fixture comes with a limited lifetime warranty. Complements stainless-steel appliances, bedrooms, living rooms, dining rooms, kitchens, and many other indoor areas. This piece is hand-selected to bring you the finest fixture for the best value. Get the expensive look at an amazing deal—own this stunning piece today.
