## Description

This indoor or outdoor recessed retrofit downlight features a round aluminum white flange / trim and a frosted polycarbonate sealed lens cover with ridged outer edge. Slim, thin retrofit easily installs onto standard 4" ceiling or wall junction boxes. Perfect for new construction and many other indoor / outdoor applications. Enjoy rain or shine. Conveniently suitable for wet locations. Features cold temperature startup in weather as low as 20°C. Operates up to 80°C. When wall-mounted, this fixture is Americans with Disabilities Act compliant / ADA compliant. Feel at ease with this piece's all aluminum construction. Aluminum features high resilience, lasting quality, and is unable to rust like steel. Go green and save big. Energy-efficient LED is environmentally friendly and requires substantially less electricity to maintain, passing down cost-cutting savings to you. Finished in a matte solid white.

Feel confident in a quality product. Integrated LED comes with a 5-year limited warranty.
