CHOICES:
WHITE ACRYLIC
WHITE POLYCARBONATE
FROSTED RIBBED ACRYLIC

APPLICATIONS:
COMMERCIAL AND
RESIDENTIAL INSTALLATIONS

DESCRIPTION

This diffuser family utilizes a shallow saucer design to give designers maximum light output in a classic shape. The diffusers are suitable for either ceiling or wall mounts in commercial, residential, or hospitality applications.

The shallow saucer design is a new innovative shape, which allows designers to offer a low profile round fixture using traditional compact fluorescent and circline lamp and transformer packages used on deeper lensed fixtures. The diffusers are available in smooth injection molded white acrylic or polycarbonate, or frosted ribbed injection molded acrylic.

SHALLOW SAUCER DIFFUSERS

HOUSINGS AND ACCESSORIES

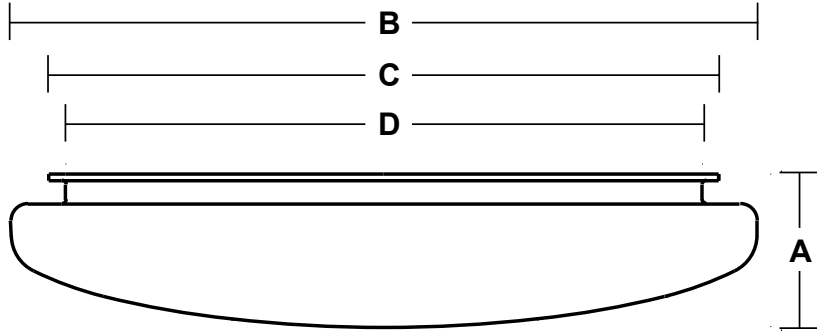

Metal Housings

Powder coated white steel

Circline Clip

For circline lamp mounting to housings
